

## **Unleash the superheroes of tomorrow!**

The 2024 JOI Summit is the ultimate training ground, where young leaders will ignite their ambition and become the superheroes of tomorrow. Your donation can be their secret weapon.

With your support, this dynamic three-day program will foster leadership, communication and civic responsibility through workshops, community projects and an unforgettable adventure at the City Museum.

The Summit isn't just an event, it's a catalyst for change. And, this year, its impact will be even bigger.

In 2024, the JOI Summit will coincide with the World Oratorical Championships, raising awareness of both programs for members and their families. JOI members will have front-row seats to the competition's inspirational speeches, and Oratorical contestants will enjoy a wider audience for their messages.

Be the hero these young leaders need. Donate today!
