

Framing Reimbursement

Donors love to be presented with their prints in the presence of their friends and peers. The presentation of the print is very important to Donors and the Foundation alike. Please be sure to plan ahead, and frame each print before it is presented to our generous Donors.

Understanding that framing can be expensive, the Optimist International Foundation will reimburse you up to \$25.00 per frame with your receipt. Only District Foundation Representatives are eligible for reimbursement. Please detach and use the form below to receive reimbursement for framing expenses.
